Edit Post:

The screenshot shows a web browser window titled "Post Edit Page" with the URL "127.0.0.1:8000/post\_edit/2/". The page has a blue header bar with the text "Suryakumar's scribble pad" and "Profile Logout". The main content area contains two input fields: "Title\*" with the value "Second Post" and "Content\*" with the value "This is the second post of the Blog". A blue "Save" button is located at the bottom left of the form.
